John M. Parken, Jr., president. SILVER QUESTION.

Over in Two Weeks.

WASHINGTON, Oct. 7.-Two wee t more and the silver question out it to be over, says a special to the Cineatnati Enquirer. The temper of eye : honest effort now directed is for set ... ment on the best attainable tor as

The air is now full of compromi-That such will be the outcome see as ists are supreme. All efforts are not a ssured. There will be continued to bate, some hot interchance, aretracted sessions, and every means to 11 to enforce a vote on naked rece k That such a vote will ever be hat a

The stage of this fight has been reached when truth can be tidd. It ought to be known all over that there are not more than twenty senators. who, in their heart of hearts, want a vote. A class claimed for repeal, and who will vote for it on the pin-b, give covert aid to the silver men who fight in the open. This is the secret of silver defiance. It is the index that every extremity of the administration will fail. Night sees us will have no baleful effect. But they must be held to convince both the president and the class crying trepeal, repeal," that repeal is impossible. It can be had if a direct vote can be enforced. but this can only be had with closers. "There" exclaimed the elder, "didn't of handsome monuments adorned this To attempt closure would only involve a collateral fight as bitter and protracted as the one now on.

The belief that the silver contingent can be worn out is puerile. They can keep up the line of debate a year. There is no power under the senate rules to intercept. The report that the vice president could at some stage bring on a coup d'etat is idle. To attempt it he would usurp his functions.

So in the condition existing there is

a grand rallying charge. It will be

made. It will have to the superficial eye the appearance of a general assault. But it will not be genuine. Men engaged in a battle in which there is no fear of builet: can be brave and bare the breast. They can defy it forces opposing. These men bid deof the struggle ray : hours of continuous session. A lead to exasperation tions. But the end will be where the act began. The plot wil, not be seen even through the lenses of a glass. Physical fatigue will finally ring down the curtain, and then will come to a which always comes of contactor compromise.

It is the real situation here, and ther, is no disguising it.

Foreign Vessels at Rio.
